About us

Society of St. Vincent de Paul

The Society of St. Vincent de Paul is a network of neighborhood-based groups of volunteers who have tended to the needs of vulnerable individuals with housing, utilities, and food assistance across 5 counties since 1852.

Off the Floor Pittsburgh

Off the Floor Pittsburgh assists people that lack furniture and do not have the means to provide it for themselves. In 2022 alone, they provided 10,486 pieces of furniture to 738 families.

Skyline Recovery Pittsburgh

Since 2019, Skyline Recovery has supported & empowered people struggling with substance use. They currently maintain four recovery housing locations serving an average of 72 residents each month and provide over 150 residents with a structured recovery environment each year.

Our Vision

The SOS Collaboration will create a network of complimentary "wrap-around" services for families and individuals throughout Western Pennsylvania.

Our ultimate goal is to create a continuum of care for our clients that makes them more successful in achieving independence and well-being.

Providing a continuum of care across Pittsburgh

Thanks to strategic partnerships, the Society of St. Vincent de Paul, Off The Floor Furniture Bank, and Skyline Recovery can provide personalized support that addresses the needs of the "whole person" and provides a continuum of care.

Skyline Recovery will provide structured housing for those struggling with substance use

The Society of St. Vincent de Paul will provide Skyline Recovery graduates with assistance with rent, utilities, etc.

Off the Floor Pittsburgh will meet any unmet furniture needs + refer clients back to the Society of St. Vincent de Paul if necessary
